So now I sit here, and I think about it  
Who needs love, before I've been without it  
When I met you, I didn't wanna let you in  
But you did something to me when you grabbed my  
hand  
Told me you would never do me wrong  
That what we have together will be so strong  
Tell me what this is, I'm falling, keep falling, so.

How could you take my heart and run  
I was so mistreated  
I thought that you could be the one  
You were all I needed

Boy, you had a good girl  
I wanna give you the world  
Even all the stars above  
Wanna give you my love, yes all of my love

No matter how hard that I try to fight it  
There's no any other boy that can deny it  
You come around and i keep spinning inside,  
And it takes all that I got to try to fight it

When I remember what you did (ooh)  
For believing in what you said  
I put my trust in you  
I gave my best to you  
But in the end there's no more you

How could you take my heart and run(ooh)  
But I was so mistreated (no more you)  
I thought that you could be the one  
You were all I needed

Boy, you had a good girl  
I wanna give you the world  
Even all the stars above  
Wanna give you my love, yes all of my love

You had a good girl but you let her slip away  
Why did you, why did you

I was that girl for you that was always by your side  
How could you, how could you  
How could you

Boy, you had a good girl  
I wanna give you the world  
Even all the stars above  
Wanna give you my love, yes all of my love (ooh, my  
love)

Boy, you had a good girl  
I wanna give you the world  
Even all the stars above  
Wanna give you my love, yes all of my love (ooh, my  
love)

Boy, you had a good girl  
I wanna give you the world (you the world)  
Even all the stars above (signs above)  
Wanna give you my love, yes all of my love (ooh, my  
love)
