(Roll the credits)

Boy in the beginning  
In the beginning it was me and you  
I was Bonnie, You were Clyde  
We we were running  
We were running an end  
We knew  
(Before the credits)

But then in the middle  
In the middle you went and changed the script  
Took a pencil and erased my happy ending  
Instead of loving you I feel so sick  
(Roll the credits)

I know you directed it  
I'm sure I produced a bit  
So why's that chick stealing my show?

Baby, Tell me  
Who is she?  
I need to know her name and number  
Tell me  
Who does she hang out with  
When you're not together  
I ain't gonna do nothing crazy  
I just need you to hear me  
(Before the credits)

Roll the credits  
And tell me  
How many of your friends  
You told all about it  
They said "You're workin"  
Last Friday night when I was calling  
Did you lie to all of them, too?  
Or was I just the fool?  
(Well, roll the credits)

Roll the credits

You worked undercover  
And gave her every single line I owned  
And it doesn't make me feel any better  
That you took her places we would go

I thought you were meant for me  
My name should be on that screen  
Tell me, why is that chick playing my roll?

Baby, Tell me  
Who is she?  
I need to know her name and number  
Tell me  
Who does she hang out with  
When you're not together  
I ain't gonna do nothing crazy  
I just need you to hear me  
(Before the credits)

Roll the credits  
And tell me  
How many of your friends  
You told all about it  
They said "You're workin"  
Last Friday night when I was calling  
Did you lie to all of them, too?  
Or was I just the fool?  
(Well, roll the credits)

Roll the credits

I know you directed it  
I'm sure I produced a bit  
I thought you were meant for me  
My name should be on that screen  
We weren't even at the end  
But you started auditioning  
And let somebody star in my show

Baby, Tell me  
Who is she?  
I need to know her name and number  
Tell me  
Who does she hang out with  
When you're not together  
I ain't gonna do nothing crazy  
I just need you to hear me  
(Before the credits)

Roll the credits  
And tell me

How many of your friends  
You told on about it  
They said "You're workin"  
Last Friday night when I was calling  
Did you lie to all of them, too?  
Or was I just the fool?  
(Well, roll the credits)

Roll the credits  
Roll the credits  
(Roll the credits)  
Roll the credits  
Roll the credits

Roll the credits
