I'm gonna remember you, you're gonna remember me
I'm gonna remember you, you're gonna remember me
I'm gonna remember you, you're gonna remember me
Yeah, I'm gonna remember you, you're gonna
remember me

Yeah, you're gonna remember me boo
I'm gonna remember you too
I can't forget all the crazy shh we used to do
You was doing too much, I wasn't doing enough
That's what your friends would say, you got a man
anyway
I can't explain them either, I aint ever wanna leave ya
Hell yeah, it's hard to walk away when I see you
When I see you I remember when the day
You put your shoes on and moved on before I could say

I saw you with your new girl just yesterday
And I feel that I must confess
Even though it kills me to have to say
I'll admit that I was impressed
Physically just short of perfection
Gotta commend you on your selection
Though I know I shouldn't be concerned
In the back of my mind I can't help but question

Does she rub your feet
When you've had a long day
Scratch your scalp
When you take out your braids
Does she know you like to play PS2
'Til 6 in the morning like I do

I can't explain this feeling
I think about it everyday
And even though we've moved on
It gets so hard to walk away
I'm gonna remember you, you're gonna remember me
Walk away
Forever you will I've in my memory
Walk away
(Forever you will live in my memory)

Walk away
I'm gonna remember you, you're gonna remember me
Walk away
I can't forget how we used to be

How I used to be livin my life from day to day
Hoping maybe you'll come back
And though I tell myself not to be afraid to move on
But it seems I can't
Though a new man is giving me attention
It ain't the same as your affection
Though I know I should be content
In the back of my mind I can't help but question

Does he kiss me on my forehead
Before we play
Show up on my doorstep
With a bouquet
Does he call me in the middle of the day
Just to say baby I love you like you used to

I can't explain this feeling
I think about it everyday
And even though we've moved on
It gets so hard to walk away
(I'm gonna remember you, you're gonna remember me)
Walk away
Walk away (walk away)
(Forever you will live in my memory)
Walk away
I'm gonna remember you, you're gonna remember me
Walk away, yeah
I can't forget how we used to be

I'm gonna remember you
You're gonna remember me
The things we did, the way we shared our fantasies
Just you and me, my friend, my love, my family
How did we lose the love that seemed meant to be
Sometimes I kiss her, wishin that it was you I'm kissin'
Sometimes I miss him, wishin' that it was you I'm missin'
Sometimes I hug her, wish that it was you I was huggin'
And I realize how much I'm buggin'
I miss you

So how do I express this feeling
'Cause nobody compares to you
And you know she'll never love you like I do

I can't explain this feeling
I think about it everyday
And even though we've moved on
It gets so hard to walk away
(I'm gonna remember you, you're gonna remember
me)
Walk away
(I'm gonna remember you)
Walk away
Walk away
I'm gonna remember you, you're gonna remember me
Walk away
I can't forget how we used to be

(I'm gonna remember you, you're gonna remember me
Forever you will live in my memory
I'm gonna remember you, you're gonna remember me)
I can't explain this feeling
I think about it everyday (everyday)
And even though we've moved on (moved on)
It gets so hard to walk away
I'm gonna remember you, you're gonna remember me
Walk away (walk away)
Walk away (walk away)
(Forever you will live in my memory)
Walk away
I'm gonna remember you, you're gonna remember me
Walk away
I can't forget how we used to be

I'm gonna remember you, you're gonna remember me
I'm gonna remember you, you're gonna remember me
