Ooh, no
Yeah, yeah

She's got green eyes and she's 5'5"
Long brown hair all down her back
Cadillac truck so the hell what is so special about that
She used to model, she's done some acting
So she weighs a buck o 5
And I guess that she's alright if perfection's what you
like

Ooh, ooh, and I'm not jealous, no I'm not
Ooh, ooh, I just want everything she's got
Ooh, ooh, you look at her so amazed
I remember way back when you used to look at me that
way

Tell me what makes her so much better than me (what
makes her so much better than me)
What makes her just everything that I can never be (I
can never be)
What makes her your every dream and fantasy.
Because I can remember when it was me.

And now you don't feel the same
I remember you would shiver every time I said your
name
You said nothing felt as good as when you gaze into
my eyes
Now you don't care I'm alive
How did we let the fire die

Ooh, ooh, and I'm not jealous, no I'm not
Ooh, ooh, I just want everything she's got
Ooh, ooh, you look at her so amazed
I remember way back when you used to look at me that
way

Ohh, What makes her so much better than me (what
makes her so much better than me)
What makes her just everything that I can never be (I
can never be)

What makes her your every dream and fantasy
Because I can remember when it was me

That made you smile (me)
That made you laugh
Me that makes you happier than you have ever been,
oh me
That was your world (me)
Your perfect girl
Nothing about me has changed
That's why I'm here wondering

What makes her so much better than me (what makes
her so much better than me)
What makes her just everything that I can never be (I
can never be)
What makes her your every dream and fantasy
Because I can't remember when it was me

What makes her so much better than me (what makes
her so much better than me)
What makes her just everything that I can never be (I
can never be)
What makes her your every dream and fantasy
Because I can't remember when it was me

When it was me
When it was me
When it was me
