It's lonely
A gypsy, always running wild and free
(Free, free)
Oh, until you showed me
All that I never could see
(See, see)

What I need
I don't know
But you're in my dreams wherever I go
And this feeling's here to stay

I am a border girl
Crossing oceans in the name of love
And I have been searching for this all of my life
My heart knows when it's wrong and when it's right
Oh, oh

When you touch me
You take away the pain of my silence
Don't have to worry
No games that I need to play
(No games that I need to play)

I was lost
(I was lost)
Now I'm found
(Found)
And baby in your arms I'm on solid ground
It's good to feel this way

I am a border girl
Crossing oceans in the name of love
And I have been searching for this all of my life
My heart knows when it's wrong and when it's right
Oh, ohh

Every step that I take is to you
(Every step)
I go anywhere you want me to
(Anywhere you want me to)
'Cause I know what it means to have fought for ever

I am a border girl
(I, yeah)
Crossing oceans in the name of love
(In the name of love)
And I have been searching for this all of my life
My heart knows when it's wrong and when it's right
(Hey)
Oh
(For all my life)

I am a border girl
Crossing oceans in the name of love
And I have been searching for this all of my life
(I've been searching all my life for you)
My heart knows when it's wrong and when it's right
(Wrong)
(I know when it's right)
Oh

I am a border girl
Crossing oceans in the name of love
And I have been searching for this all of my life
My heart knows when it's wrong and when it's right
Oh, ohh
