I was lonely, a gypsy always running wild and free
Until you showed me all that I never could see

What I need, I don't know
But you're in my dreams wherever I go
This feeling is here to stay

I am a border girl, crossing oceans in the name of love
And I have been searching for this all of my life
My heart knows when it's wrong and when it's right, oh

When you touch me, you take away the pain of my
silence
Don't have to worry, no games that I have to play
No games that I have to play

I was lost, now I'm found
And baby in your arms I'm on solid ground
It's good to feel this way

I am a border girl, crossing oceans in the name of love
And I have been searching for this all of my life
My heart knows when it's wrong and when it's right, oh

Every step I take is to you, I go anywhere you want me
to
'Cause I know what it means to have fought forever

I am a border girl, yeah, crossing oceans in the name
of love
And I have been searching for this all of my life
My heart knows when it's wrong and when it's right, oh,
for all my life

I am a border girl, crossing oceans in the name of love
And I have been searching for this all of my life
I've been searching all my life for you
My heart knows when it's wrong and when it's right
I know when it's right, oh

I am a border girl, crossing oceans in the name of love
And I have been searching for this all of my life

My heart knows when it's wrong and when it's right, oh
