You've been asking
I've been drinking

Thinking about my God forsaking
life I lead It's a memory and need it be?

My lips went white my spine teased tight
I realized it was going to be a long night

But its proved to be sexier in moments like these
Sexier in moments like these

This is love and this is lust I need it to be the best
And if I were not be the best maybe you would just

This is love and this is lust
now which one do I trust?
