I'm back, I'm back
What you think about that?
I'm back, I'm back
To show you what you lack
I've read every page
From front to back
And memorized
Each and every stack
It seems that your friends
Have found a new tactic
For stabbin you in the back
For the way you've acted
OMG did you see
How shitty she can be
OMG I disagree whole heartedly
Messages leaving dirty deeds
Or so it seems
You are only my personal
Dopamine
You are everything I see

I'm your catch 22 with a birds eye view
And for a smart girl, you're good at stupid
Yeah he does it just to do it
Don't bother lying when it's already been proven

If all it takes is usual
A constant life of push and pull
And I don't think that I'll ever be full
No I don't wonder
About the places I will go
No I don't wonder
About the places I don't know
And if you tax for me
For a lack of loyalty
I believe, that you would be
Richer than this whole
God damn greedy country
I fought the law
And the law won
Doesn't every dog know I wonder just what I've done
Now try and catch me while I'm on the run

I'm your catch 22 with a birds eye view
And for a smart girl, you're good at stupid
Yeah he does it just to do it
Don't bother lying when it's already been proven
I'm the catch 22 with a birds eye view
And for a smart girl, you're good at stupid
Yeah he does it just to do it
Don't bother lying when it's already been proven

S. E. L. F. R. E. S. P. E. C. T.
Self respect is what she was lacking
S. E. L. F. E. S. T. Double E. M.
Self esteem is what she needs from them
Stupid is as stupid does
You never saw how bad it was
And that's why I am here because
To show you how just how bad it was
I'm gonna save you from
The things that you've done
Don't sweat the battle 'cause
It's already been won

I'm your catch 22 with a birds eye view
And for a smart girl, you're good at stupid
Yeah he does it just to do it
Don't bother lying when it's already been proven
I'm the catch 22 with a birds eye view
And for a smart girl, you're good at stupid
Yeah he does it just to do it
Don't bother lying when it's already been proven
I'm the catch 22 with a birds eye view
And for a smart girl, you're good at stupid
Yeah he does it just to do it
Don't bother lying when it's already been proven
