Don't be angry  
And drive me away  
I know I was wrong  
Please let me stay

Well, I've been a fool, dear  
For you I know  
But I realize now  
That I love you so

If you will forgive me  
For causing you this pain  
I promise you, my darling  
I won't hurt you again

Don't be angry  
Please hear what I say  
Well, give me a chance, dear  
Don't drive me away

Give me just one more chance  
To prove my love is true  
You won't regret it, dear  
But I'll make it up to you

Don't be angry  
Please hear what I say  
Well, give me a chance, dear  
Don't drive me away

Don't drive me away  
Don't drive me away...
