If I act like I own the place, it's because I do
You put strikes through your zeros
And you go faster than signs aid you to
You see my left side as my strong side
And it's pumping the song of a long night
And a chorus for this weekend
This is for you and them

I've got 76 inches and 88 keys
To get me where I want to be
It's not enough (x4)

I've got 76 inches and 88 keys
To get me where I want to be
It's not enough (x4)

But now, please cover these keys
Because I am putting shame to porcelain
I can't just breathe now
Cause I'm losing the battle between thick and thin
So many nouns and so many hateful things
You directed to them
These lines are from you in case you forgot
Because I already know you do

I've got 76 inches and 88 keys

To get me where I want to be
It's not enough (x5)

I've got 76 inches and 88 keys
To get me where I want to be
It's not enough (x4)
It's not

This is cruelty in melody
This is the bouquet I never gave
Now this conversation's over
So grab that cell phone, do it quick
You gotta look busy
You gotta look more important than me

I've got 76 inches and 88 keys
To get me where I want to be
It's not enough (x4)
It's not

Oh, I've got 76 inches and 88 keys
To get me where I want to be
It's not enough (x4)
It's not

I've got 76 inches and 88 keys
to get me where I want to be
It's not enough (x5)

I've 76 inches and 88 keys
To get me where I want to be
It's not enough (x5)
