Hey miss sobriety
Do you remember me
Or how to say my name?
Do you remember when
We were friends
All the way back then?

You crushed our confidence
But you never taught it how to stay
And if I learnt one thing
It's that you always have a price to pay
I've learnt one mans trash
Is another mans treasure

[chorus]
Hey miss sobriety
Do you remember me
Or how to say my name?
Do you remember when
We were friends
All the way back then?

Hey hey hey miss confidence
Do you remember when you kept me safe
Are my eyes deceiving
Are you believing
Have I made you lose your faith?
One mans pain
(one mans pain)
Is another mans pleasure
(is another mans pleasure)

[chorus]
Hey miss sobriety
Do you remember me
Or how to say my name?
Do you remember when
We were friends
All the way back then?

One mans trash
Is another mans treasure

(don't you wonder why I even loved her?)
One mans pain
Is another mans pleasure
I never thought I'd get so low
Never thought that I could get so low
This is as far as I will go
I never thought I'd get so low
When I start thinking it's the bottom, I know
I never thought I'd get so low
Direct me which way I should go
(One mans trash
Is another mans treasure)

[chorus]
Hey miss sobriety
Do you remember me
Or how to say my name?
Do you remember when
We were friends
All the way back then?

One mans trash
is another mans treasure
(don't you wonder why I even loved her?)
One mans pain
Is another mans pleasure
(I need to find a way to do this over)
One mans trash
is another mans treasure
(I should have known that she could be my saviour)
One mans pain
Is another mans pleasure

I never thought I'd get so low
Never thought that I could get so low
Well I never thought I'd get so low
Never thought that I could get so low
Well I never thought id get so low
Never thought that I could get so low
