Eede

Run Sweet Auburn find your face  
Another crowd another place, you ain't changed a  
thing  
'Cos you're the girl who used to smile  
Stayed up all night on the crooked mile, that's how it  
used to be  
But even the sweetest auburn fades like colour do

How many roads do I have to take  
Before I catch up with you baby?  
How much love do I have to waste  
Before you believe what I say?

Go on take the horseshoe from your glove  
'Cos I've got balls to call your bluff, no I ain't dead yet  
Being everybody's darlin' ain't easy  
You can keep your sugar and sympathy  
'Cause even the sweetest auburn fades like colour do

How many roads do I have to take  
Before I catch up with you baby?  
How much love do I have to waste  
Before you believe what I say?  
How many hearts do you have to break  
To get what you needed?  
There's not enough time for us to waste  
If only you'd hear what I say

In the middle of the night  
I could swear I heard her calling  
In the middle of the day  
How many roads?

How many roads do I have to take  
Before I catch up with you baby?  
How much love do I have to waste  
Before you believe what I say?  
How many hearts do you have to break  
To get what you needed?

There's not enough time for us to waste  
If only you'd hear what I say

In the middle of the night (How many roads?)  
Swear I heard you calling (How many hearts?)  
In the middle of the day (How much love/How many  
words?)
