Eede/MacMichael

I won't wait for you, i won't wait for you
In the morning
'cause the last thing that i want
Is to see you cry

And i won't ask of you, and i won't ask of you
No secrets
'cause i don't want to be the one
To see you cry

Help me mama, help me mama
Through these things i feel
Help me father, help me father
Through these things i feel
So i can believe...

So i won't shelter you, i won't shelter you
In the morning
'cause the last thing that i want
Is to see you cry

Help me mama, help me mama
Through these things i feel
Help me father, help me father
Through these things i feel
So i can believe...

So i won't give to you, i won't give to you
Forgiveness
'cause the last thing that i want
Is to see you cry
No the last thing that i want
Is to see you cry
No the last thing that i want
Is to see you cry
