Well I've been busy creating this big mess
(That we've been making me a part of success)
It's safe to say I passed the test
(and I can see you shaking under the stress)
A short, short scene scenario, a different situation
You can't keep them angry with your verbal
masturbation
I've been blinking
You've been thinking
Where does that leave us now?

I'm gonna make sure this is better than before
I'm gonna get through to you
I'm gonna make you do the things you never thought
you'd do
I'm gonna get through to you.
Yeah I'm gonna get through to you.

(Yo, take that bass line for a walk)

Wow you were giving noise cancer as answers
Scandalous dancer, a second glance
A second chance, at romance
I never thought you'd do me like you did
I assumed the opposite
This is where we end up
I'm done for nothing
This is where we end up
I'm not for nothing.

I'm gonna make sure this is better than before
I'm gonna get through to you
I'm gonna make you do the things you never thought
you'd do
I'm gonna get through to you
Yeah, I'm gonna get through to you.
I'm gonna make sure this is better than before
I'm gonna get through to you
I'm gonna make you do the things you never thought
you'd do
I'm gonna get through to you
Yeah, I'm gonna get through to you

(One, two)
It seems that in everyone's life
The rise and fall happens to us all
It seems that everyone's right
In taking these chances (failed romances)

Why you gotta go and do me like that?
Why you gotta hide the truth?
Why you gotta go and play me like that?
Why you have to act a fool?
Why you gotta go and do me like that?
Why you gotta hide the truth?
Why you have to go and play me like that?
Why you have to act a fool?

I'm gonna make sure this is better than before
I'm gonna get through to you
I'm gonna make you do the things you never thought
you'd do
I'm gonna get through to you
Yeah, I'm gonna get through to you
I'm gonna make sure this is better than before
I'm gonna get through to you
I'm gonna make you do the things you never thought
you'd do
I'm gonna get through to you
I'm gonna...get through...to you
