Did you know, where the ocean begins?
The ocean of love, you keep within, the feelings deep
inside
Fantasies about your love keeping you up all night
So tell me do you know, where the ocean begins?

CHORUS

Oh, this is for the people who feel someone,
who's thinking about them 24 fine hours
this is for the people who I love and I do,
oh this is for you

Sista, sista you know I care for you,
wishing you the best in life
I keep on telling you "take care"
I'll comfort you, just ask me when

you know it's hard, the world is full of surprises
you gotta be awake
oh sista, sista you know I care

CHORUS

I love you, I care for you
you will always be a part of me,
cause you bring out the glory in me, baby baby
this is for the people

CHORUS *2

this is, for, this is for you
this is for you. this is for you
this is for, this is for you
