(baba bada da)

Baby the day she spotted you alone  
there were no doubts what she was up to  
baby the night she entered your home  
the mind was made up to own you

The things she made you do  
oh baby it wasn't you  
it wasn't you at all  
the things she made you say  
oh baby it wasn't you  
it wasn't you at all

[course]  
Are you feeling better  
am I good to you  
better then her  
are you feeling better  
better then you were  
better then with her

If I ever tend to walk the same road  
as she did, then baby let me know  
if I ever made you ran and things were happy  
then baby let it show

The things she made you do  
oh baby it wasn't you  
it wasn't you at all  
the things she made you say  
oh baby it wasn't you  
it wasn't you at all

[course]  
Are you feeling better  
am I good to you  
better then her  
are you feeling better  
better then you were  
better then with her

The things she made you do  
baby it wasn't you  
it wasn't you at all  
the things she made you say  
baby it wasn't you  
it wasn't you at all

[course] (x2)  
Are you feeling better  
tell me am I good to you  
better then her  
are you feeling better  
better then you were  
better then with her

ohh ohh  
oh tell me am I good to you  
yeah are you feeling  
better then with her  
am I good to you
