"Common Grave"

I was home through the night
I was on my own
I'm alone and fight
I thought with myself (alone)
That's none of your business
I'm busy in love

I'm in panic, I'm in pain
I'm in me, I am the same
I'm in panic, I'm in pain
I'm in love, I am insane

That's none of your business
I'm busy in love

Don't wanna fall in love, I want to rise in love
I wanna Fall in you, to Summer you, to Winter you
I want to Spring in love... with you

There's nothing to say, there's nothing to sigh
If I can't have you today, I want you to die
Buried in a common grave and far from my heart

Buried in a common grave and far from my heart
