Think back from the place you are
it starts so far
and the end I can't imagine

To track all sense is lost
time to cost
consequensive actions
Lost in the not too far
just the way you are
just wait for it to be said

The past will leave divide
so stretch it out
till it snaps into the present

Chorus:

And then there's the sunshine
comes from your eyes
lights up the world from inside
I can see me smiling

We're near in the here and now
just don't tell me how
it will be a happy ending
step back I will tell you all
I will bear my soul
and I won't just be defending

I've doubts I've been burnt before
but I'm back for more
coz without I think I'm dying

Your eyes reflect I drown
and through coffee brown
I can see myself still smiling

Chorus:

And then there's the sun-shine
that comes from your eyes

Lights up the world from inside

I can see me smiling aaaaaaoh
I can see me smiling aaaaaooh
I can see me smiling aaaaaaoh
I can see me smiling eeehhhhh

And then there's the sunshine
comes from your eyes
it lights up the world from inside
I can see me smiling
and then there's the sun shine
that comes from your eyes
that lights up the world from inside
I can see me smiling

aaaaaaaaaaaaooh
aaaaaaaaaaaaaaaaaaaaooh
aaaaaaaaaaaaaaaaaaaaooh
