Oooh
Oohoo

(I close my eyes)
This is the sound
(I voice my fears)
This is the sound of breaking up
(I close my heart)
This is the sound
(So open your ears)
This is the sound of breaking up

Just came to say I'm leaving
Cuz you were never gonna get that much deeper
I didn't wanna stop believin
I wanna be your lover not your keeper

But I-ooah-I
I really loved you so
But you can't step back
See if it fades to black
And here's what you need to know

CHORUS A (X2)
(I close my eyes)
I see what you have done
(I voice my fears)
That I'm not the only one
(I close my heart)
Cuz once broken is enough
(So open your ears)
This is the sound of breaking up

Turn off my phone stop calling
I didn't say that this was gonna be easy
When you got nothing, it's tempting to fall right back
And I know that you know how to please me

But I-ooah-I
I really loved you so
But you can't step back
See if it fades to black

And here's what you need to know

CHORUS A (X2)

CHORUS B (X2)

(I close my eyes)

Just take your things and go

(I voice my fears)

I'm tired of makin up

(I close my heart)

Just leave your key and go

(So open your ears)

This is the sound of breaking up
