Hurt the dog, get the dog, grab the dog  
Scratch my ass, scratch my ears, scratch my head  
Please play with me, play with me, play with me

Chorus

Awe, but Jessie  
It's cold outside, and I'm not coming home  
I don't know where to be, when the morning comes  
and Jessie you're a good dog, please don't follow me  
Just go on home

I ran away, dog tagged along  
I lost the dog, it broke my heart  
Please stay with me, and play with me, stay with me

Chorus

Jessie, don't follow me  
Jessie, go on home

Jessie you're a good dog, such a good dog (5x)
