I don't wanna see your head caved in  
I can't stand to see them wheel you in  
Why'd you go and do that to your head?  
Are you so goddamned miserable  
You'd feel better off if you were dead?

And then the tears from my eyes  
Makes the road all wet and hard  
For you to drive  
You never had a chance to see  
The car, she's comin' straight at you  
Hey, what are you gonna do?

Look out!  
I can't stand to see the shape you're in  
I won't be there when they bring you in  
I can't believe you'd leave me all alone  
I won't believe you're not comin'  
Aww, comin' home

And then the tears from my eyes  
Makes the, road all wet and hard  
For you to drive  
You never had a chance to see  
The car, she's comin' straight at you  
Hey, what are you gonna do?

Watch out!  
I can't stand to see your head caved in  
I won't be there when they wheel you in  
Why'd you go and do that to your head?  
Are you so goddamned miserable  
You'd feel better off if you were dead?

And then the tears from my eyes  
Makes the, road all wet and hard  
For you to drive  
You never had a chance to see  
The car, she's comin' straight at you  
Hey, what are you gonna do?

Someone call a doctor!  
Hey, you're dying and you don't know  
Hey, you make me hate myself  
'Cause you're my only brother  
And I can't say, "I love you"  
And this is pretty hard  
Aww, you're not around, so I can't hold your hand  
So I crawl  
I crawl inside your sleeping bag  
Oh and I, don't think he's gonna make it  
Make it home alive  
Please, make it home alive
