When I stumble
Yeah, I'm the one whose lame
If you fall down
Why call out my name?
Your mouth it moves to call my name
When you go down
You got no one else to blame

Unless I'll make you somehow know I feel the same
Unless you put us down again, I'll give the same
So what?
And if you fail you'll say that I'm to blame
Yeah, right
Hey, Sunflower

When I stumble
Yeah, it comes as no surprise
Convince yourself
With your little lies
Your mouth it moves to form your lies
Instead of crying, why don't you get wise?

Unless you rate me so much, now I feel the same?
Unless you put us down again, I'll give the same
Who cares?
And if you fail you'll say that I'm to blame
Yeah, right
Yeah, Sunflower

Can't put out
And you won't shut up
Can't put out
And you won't shut up
If I poisoned you
Oh, tell me I'm to blame
If you live or die
To me it's all the same
Hey, Sunflower, can't you...
Grow in a mind up there, we're the same (?)
Unless you make your summer now I feel the same
Unless you put us down again, I'll give the same

Who cares?
And if you fail you'll say that I'm to blame
Yeah, right
Oh, Sunflower

Give a little garden for the growing seeds
There's gotta be someone who'll pull the weeds
You come to insult a man of my wealth
The only harm done, you did to yourself
You're sinking, you're falling, you're failing
I'm shining like a star
