You better check yourself (check yourself)
Before you check on me (check on me)
Check the 217 (Rejoicing)
Come one the family (unity)
Ask me where I stand and what's my reason
Ask me what's my rhyme and who I'm pleasin'
Ask me why I love and why I'm breathin'
Ask me what's the time and the season
The times are changin' but my status stays the same
We all got the purpose and the purpose aint fame
The almighty Christ is my redemptive claim
People are created now on in the same
Universe come together
Servants comeer
Culture come together
Family come together
You better check yourself (Check yourself)
Before you check on me (Check on me)
Check the 217 (rejoicing)
Come one the family (unity)
Tell me where I stand and whats my reason
Tell me what's my rhyme and who I'm pleasin'
Tell me why I love and why I'm breathin'
Tell me what's the time and the season
I'd like to inform the humans are the norm
We all like to swarm but the curtain was torn
Outpouring of redemption
That sinks to the core open the door
Come one come rock the voices resound
Come one come rock
Check yourself
