It's gonna get better
I hope this letter
Is a hope for you, yeah
It don't, it don't, it don't, it don't matter where you
come from
Cause we all, we all, we all will find the same pain
So what I say to you
Is don't fight this war no more
Just let the Healer, let the Healer be your healing
It's better for you to lift your head
Than to take the worry away to bed
chorus: So rest assured and dream away
For tomorrow when you wake
What you had asked for
Is what you'll get get get today
So dream away
Oh it don't, it don't, it don't, it don't matter who did this
to you
Cause he will, he will, he will be dealt with too
So all you got to do is
Put your weapon down (put down your weapon)
And let the wreckin' ball do His wreckin'
It's better for you to lift your head
Than to take the worry away to bed
CHORUS (2x)
(Dream away)
Rest assured and dream away (don't fight this war no
more) (4x)
CHORUS
Dream away
CHORUS
Dream away, so dream away, dream away
It's gonna get better, better, better
So lift your head up high
It's gonna get better, better, better
So lift your head up high
