Like kings and queens we dance!
To keep this night alive.

Honestly we're just too honest.
Full blooded friends, don't break their promise.
You don't Have to be blood to be family.

Wake up to all the town.
Its way to late but were still down.
Its way to late but were still down.
Dance with me.

This should be the soundtrack to the show,
Look out! We're always asking for.
We play for keeps in this game of loss.
We love to laugh and laugh and love.
We dance to show them what kings and queens are
made of.
Singing a life with no regrets,
There's no time and I feel better spent...
With my best friends.
Honestly we're just too honest
Full blooded friends, don't break their promise.
You don't have to be blood to be family.
Wake up to all the town.
It's way to late but were still down.
It's way to late but were still down.

Why can't we all just sing along?
Why can't we all just sing along?
Why can't we all just sing along?
Why can't we?
Why can't we?
