So much to say so little time for me
To explain the way I feel you only see
Things the way you want to see them
It makes sense to you all these things you do
You got it all figured out while everyone is confused
How do you do it (how do you do it)

In your mind I'm just blind you're right all of the time
If I think for myself I get some way out of line
I'm not who you are I'm so sorry (I'm so sorry)

I can't do anything right
You don't know me stay out of my life
Kick me while I'm down I want you to
I can't be like you don't want to be like you
I can't do anything right
You don't know me stay out of my life
Kick me while I'm down I want you to
I can't be like you (be like you)

No matter what I do it's never good enough
I give all that is me still it is never enough
So why try? (why try?) I give up (I give up)

What does it feel like to be in your shoes
And walk over everyone like you do
Tell me down again I want you to (Want you to)

You're lovely so beautiful
And you're perfect in every way
Your material lusted and I'm so disgusted
Can't trust it you're busted

I can't do anything right
You don't know me stay out of my life
Kick me while I'm down I want you to
I can't be like you don't want to be like you
I can't do anything right
You don't know me stay out of my life
Kick me while I'm down I want you to
I can't be like you (be like you)

I can't do anything, anything right
I can't do anything, anything right
I can't do anything, anything right
I can't do anything, anything right
Do anything right
Not do anything right
Not do anything right
I can't go without you
I got some way to go
I don't let it go
I'll do anything right

(In Swedish)
