I don't know how to let you go  
I've given to you all that is me, all that i will ever be  
We share the same heart and soul  
I want you to believe in me  
See through my eyes and you will know  
I'll take my chance that you will come home to me  
Even if it takes some time for you to work it out  
I'll be there

Chorus:

I still got a ways to go  
So far away from home  
Inside i always knew  
I would find my way to you  
(Repeat)  
Find my way.....

If i could be everything you want  
If i could change everyhting i have done  
Only you know where  
I have gone  
I want to prove i am worthy to be called yours  
I need you more then i ever have  
And i don't want to stay, try and find me if you can  
If i don't get lost along the wa, please don't forget me  
Know that I'll be here

Chorus

I'll be there...

I'll find my way to you...
