"Closer To Myself"

Digging deep, I feel my conscience burn
I need to know who and what I am
This hunger jolts me from complacency
It rocks me, makes me meet myself

Jacob walked a limp to remind him
Of the greater gift of the greater one
But when I fell, I fell to my own resources
How can I carry a truth, if I can't even crawl to you?

I wanna feel something sweeter than this sin
Cover me in leaves and roll me over again
I've been everybody else now I wanna be
Something closer to myself

Paint me in a different light shed me yet another coat
of skin
Mark me with ash until I'm clean again
'Cause I'm so sick and tired of being sick and tired
I know I can love you, I know that I can

I wanna feel something sweeter than this sin
Cover me in leaves and roll me over again
I've been everybody else now I wanna be
Something closer to myself
