Good week I've got
Gonna see him once again
Been working out, reading up
Be all smart and slim
Who'd knew I'd be this anxious
Who'd have guessed this horrid fate?
All I know is I
Have to be perfect by Thursday
Perfect by Thursday
I rarely get to see him
And his name is all I know
He smiles like a king
And that's all he'd dare to show
I'm faithfully attending
My motive almost pure
Reckless in my thinking
But it's his that I'm not sure
Perfect by Thursday
I'm planning the evening
I know what I'm wearing
And what I'll be singing

Perfect by Thursday

One day left

And it's not looking very good

I haven't seen much progress

To perfection like I should

But now I cannot quit

Because today could be the day

That all the effort

All the work decides to finally pay.

And then you will fall in love

I smile when you walk by

I laugh even louder

You don't even bother

I hold every memory

As sweet as a lemon

As loose as a fire

So now he's on the TV screen

He's catching for some man

Moved away and left me here

I don't understand

But I'm convinced that he'll be back

When I do least expect

Despite my opposition

I fear that I am correct

Perfect by Thursday

I'm sprinting to make it

If I have to fake it

You know I can take it
