You wanna give but you hold it back

Do you ever wonder why-y-y

You wanna lie but you know the facts

Don't you ever learn to try-y-y-y-y

Don't you want to try-y-y

A brand new day is daw-awnin'

With a million choices, take your pick

But don't you miss your timin'

Don't you know-ow, this could be it

Live and learn, not too slow-ow now

We are bor-or-orn, born to love, oh-oh-oh-oh

Let yourself go-o-o now

We are bor-or-orn, born to love

Sometimes you win, sometimes you lose

One day you laugh, one day you cry-y-y-y-y

You've got a choice and you've got to choose

Sometimes love can take you high-igh-igh-igh-igh-igh

Love can take you high-igh

A brand new day is daw-awning

Got a million choices, take your pick

But don't you miss your timing
Don't you know-ow, this could be it
Li-ive and lear-earn, not to slow-ow now
We are bor-or-orn, born to love, oh-oh-oh-oh
Let yourself go-o-o now
We are bor-or-or-or-orn, born to love
A brand new day is dawnin'
With a million choices, take your pick
But don't you miss your timing
Don't you know, this could be it
Live and lear-earn, not to slow-ow now
We are bor-or-orn, born to love, oh-oh-oh-oh
Let yourself go-o-o now
We are bor-or-orn, born to love
Live and lear-earn, not to slow-ow now
We are bor-or-orn, born to love, oh-oh-oh-oh
Let yourself go-o-o now
We are bor-or-orn [fade]
