Tonight I celebrate my love for you  
It seems the natural thing to do  
Tonight no one's gonna find us  
We'll leave the world behind us  
When I make love to you

Tonight I celebrate my love for you  
And hope that deep inside you'll feel it too  
Tonight, our spirits will be climbing  
To a sky filled up with diamonds  
When I make love to you tonight

Tonight I celebrate my love for you  
And that midnight sun is gonna come shining through  
Tonight there'll be no distance between us  
What I want most to do is to get close to you tonight

Tonight I celebrate my love for you  
And soon this old world will seem brand new  
Tonight we will both discover  
How friends turn into lovers  
When I make love to you

Tonight I celebrate my love for you  
And the midnight sun is gonna come shining through  
Tonight there'll be no distance between us  
What I want most to do is to get close to you

Tonight I celebrate my love for you  
Tonight
