Turn it up, turn it up, pump it up, get 'em up, here we go y'all
Turn it up, pump it up, get 'em up, let's roll y'all

Oh snap, I'm right on track, some said that I might not last
Some said what I write was wack, all right now guess who's back
Bounce rock, I move the spot, we gon' see if you can move or not
I know what you're thinking pops, KJ-52 doing rock?

Man, he just needs to stop, you know that junk gone flop
What's he think, he gon' drop, don't he know that ain't hip hop?
First y'all call me Slim Shady, now y'all think I'm just crazy
But as long as these stations play me, what y'all say it don't faze me

Turn it up, pump it up, get 'em up, here we go y'all
Turn it up, pump it up, get 'em up, let's roll y'all

See to me now what this is, it's like run DMC in 86
Saw 'em on TV with Aerosmith and I flipped my wig
I was just a kid, I was like dang that junk was hot
Combining hip hop with a chunk of rock

I watched how it, it just bumped the spot
And kids just flipped when that junk was dropped
But some peeps think that worst
And tear me down when they speak they words

I can't pretend like the junk don't hurt
But I'm a still bless even if ya curse
Now, I ain't trying to be Fred Durst
But the one thing, now it's best if ya learn

'Cause for me it's the first thing that's first
It's just Jesus in every verse

Turn it up, pump it up, get 'em up, here we go y'all
Turn it up, pump it up, get 'em up, let's roll y'all

Alright, I'ma say it, here's the fact
Most of these rocker dudes they can't rap
But then again most rappers can't rock
But I can't be confined to hip hop

Now, from P.O.D to Thousand Foot Krutch
Earthsiut and Piller, yo they get mad love
If ya see me rocking, no need to bug
Just say what up, give a pound and a hug

You know what's kinda strange to me
Some rappers treat me like I'm a disease
But these rock dudes they always cool to me
And seem more real and just true to me

But rap stars that wanna act hard
I already done straight pulls ya card
Whether or not the tracks got guitars
It's Jesus every time I spit bars now
