Hello mr politician  
Hello mr educated fool  
I will help you down in every single way with the bit  
of my music  
We will help you down in every single way with the bit  
our my music

Look at this politician  
Shouting up the top of their voice  
Look at our politician  
Dancing and singing  
In the stage of selfishness

But if you look if we ding  
Our national is lowing degree  
Their waiting up your move  
Is oppression to society

Hello mr politician  
Hello mr educated fool  
I will help you down in every single way with the bit  
of my music  
We will help you down in every single way with the bit  
our my music

Can you see the reality that we became  
A prisoners?  
Can you up to serve the people and not to be served?  
Cramming like bull, crying like vouchers  
First class scavengers  
Their waiting up your move  
Is oppression to society

Hello mr politician  
Hello mr educated fool  
I will help you in every single way with the bit of my  
music  
We will help you in every single way with the bit our my  
music

If is rise to be educated  
I say if our people is educated
