Triple bypass at the double A
Triple X, here it comes
Make sure you can hear me before you speak up
And then mothafuckas step up

I like the innocent type, deer in the headlight
Rockin' me all night, flexin' his might
Doin' it right, keepin' me tight
Takin' a bite out of the peach tonight

I like the innocent type, deer in the headlight
Rockin' me all night, flexin' his might
Doin' it right, keepin' me tight
Takin' a bite out of the peach tonight

Consider my suspicion, let's see if my intuition
Has any velition 'cuz I'm on a mission
For the omission, the competition
And the definition of my position
It's bitchin', it's bitchin', it's bitchin', it's bitchin'

Consider my suspicion, let's see if my intuition
Has any velition 'cuz I'm on a mission
For the omission, the competition
And the definition of my position
It's bitchin', it's bitchin', it's bitchin', it's bitchin'

Only double A, thinkin' triple X
Only double A, thinkin' triple X
Only double A, thinkin' triple X
Only double A

I like the innocent type, deer in the headlight
Rockin' me all night, flexin' his might
Doin' it right, keepin' me tight
Takin' a bite out of the peach tonight

I like the innocent type, deer in the headlight
Rockin' me all night, flexin' his might
Doin' it right, keepin' me tight
Takin' a bite out of the peach tonight

Only double A, thinkin' triple X
Only double A, thinkin' triple X
Only double A, thinkin' triple X
Only double A

Yeah, there's more

I'm hexed, I'm bexed
I'm in the devil's text
Some people say that I put my self perspective
I'm in the servix, next

I'm hexed, I'm bexed
I'm in the devil's text
Some people say that I put my self perspective
I'm in the servix

Only double A, thinkin' triple X
Only double A, thinkin' triple X
Only double A, thinkin' triple X
Only double

Licky licky sucky
Nobody here can tell me
They don't wanna fucky fucky

Licky licky sucky
Nobody here can tell me
They don't wanna fucky fucky

Only double A, thinkin' triple X
I'm only double A but I'm thinkin' triple X
I'm only double A but I'm thinkin' triple X
I'm only double A but I

Triple X, double A
Triple X, double A
Triple X, double A
Triple X, double
