You like it when I like you less  
No caress  
Just undress  
You like it when we play hardcore  
The panty-war  
You get pussy galore  
You like it when I turn your back  
Give you no slack  
The slack attack  
You like it when we leave parts on  
When were getting it on  
On and on and on  
On and on and on  
On and on and on  
On and on and on  
Come on - Hot rod - Give me - Your wad  
Come on - Hot rod - Give me - Your wad  
Come on - Hot rod - Give me - Your wad  
Come on - Hot rod - Give me - Your wad  
You like it when I like you less  
No caress  
Just undress  
You like it when we play hardcore  
The panty-war  
Then you get pussy galore  
You like it when I turn your back  
Give you no slack  
The slack attack  
You like it when we leave parts on  
When were getting it on  
On and on and on  
On and on and on  
On and on and on  
On and on and on  
Come on - Hot rod - Give me - Your wad  
Come on - Hot rod - Give me - Your wad  
Come on - Hot rod - Give me - Your wad  
Come on - Hot rod - Give me - Your wad  
Huh. What? Show me what you got  
Rub it against my thigh  
Huh. What? Show me what you got  
Rub it against my thigh

Huh. What? Show me what you got  
Rub it against my thigh  
Huh. What? Show me what you got  
Rub it against my thigh  
You like it when I like you less  
(Huh. What? Show me what you got. Rub it against my thigh)  
No caress, just undress  
(Huh. What? Show me what you got. Rub it against my thigh)  
You like it when we play hardcore  
(Huh. What? Show me what you got. Rub it against my thigh)  
The panty-war, then you get pussy galore  
(Huh. What? Show me what you got. Rub it against my thigh)  
You like it when I turn your back  
(Huh. What? Show me what you got. Rub it against my thigh)  
Give you no slap, the slap attack  
(Huh. What? Show me what you got. Rub it against my thigh)  
You like it when we leave parts on  
(Huh. What? Show me what you got. Rub it against my thigh)  
When were getting it on, on and on and on  
(Huh. What? Show me what you got. Rub it against my thigh)  
On and on and on  
(Huh. What? Show me what you got. Rub it against my thigh)  
On and on and on  
(Huh. What? Show me what you got. Rub it against my thigh)  
On and on and on  
(Huh. What? Show me what you got. Rub it against my thigh)  
On and on  
Huh. What? Show me what you got. Rub it against my thigh  
Huh. What? Show me what you got. Rub it against my thigh  
Huh. What? Show me what you got. Rub it against my thigh  
Huh. What? Show me what you got. Rub it against my thigh
