[V1]

Put me on the table
Make me say your name
If can't remember
Then give me all your pain
I can sit and listen
Or I can make you scream
Kiss it and make it better
Just put your trust in me

[CHORUS]

Oh my God, go a little slower
Oh my God, what was that again
La da da, let me feel you baby
Let me in, 'cause I understand
Let me feel you baby
'Cause I understand

[THE PEACHES RAP]

I understand all
Now climb my sugar walls
Problem solved it's dissolved
with the solvent known as spit
Lickity lick not too quick it's a
Slick ride make my mink slide
'Cause we're all pink inside

[V2]

This can be really easy
It doesn't have to be hard
Here baby let me show you
I'll have ya, climbing up the walls
You got all the problems
I think that I can solve
Why don't you come in here baby

Why don't we sit and talk

[CHORUS]

Oh my God, go a little slower
Oh my God, what was that again
La da da, let me feel you baby
Let me in, 'cause I understand
Let me feel you baby
'Cause I understand

[THE PEACHES RAP]

You like the top and the bottom
You make a drop and then caught 'em
And when you roch then you 've got 'em
Oh my god 'em oh my god 'em

[PRE-BRIDGE]

Let me feel you baby
'Cause I understand

You like the top and the bottom
You make a drop and then caught 'em
And when you roch then you 've got 'em
Oh my god 'em oh my god 'em

Let me feel you baby
'Cause I understand

[BRIDGE]

I understand, now let's show you where to put that hand
(My litte red engine says, 'I think I can, I think I can)
I got your coochie coo, how 'bout you
(I got your coochie coo too)

Yeah, yeah, yeah
Oh my god 'em oh my god 'em
Yeah, yeah, yeah (Oh my God)

5x

Okay stop, hahahahaha
