I never can explain and I worry,  
I'm the one to blame and I'm sorry,  
We shouldn't really be in a hurry,  
We're too young.

Would you, would you, would you,  
Like to, like to, like to.  
Would you, would you, would you,  
Like to. x2

Take a break right now and leave it all behind,  
Shorten all the words and get by.  
So don't ask me how and don't ask me now cause I'll  
end up saying I miss you.

Clear up everything if you let me,  
Get rid of everything that you sent me  
I don't know how to put this politely, but when you,

Would you, would you, would you,  
Like to, like to, like to.  
Would you, would you, would you,  
Like to. x2

Take a break right now and leave it all behind,  
Shorten all the words and get by.  
So don't ask me how and don't ask me now cause I'll  
end up saying I miss you.

Take a break right now and leave it all behind,  
Shorten all the words and get by.  
So don't ask me how and don't ask me now cause I'll  
end up saying I miss you.  
Yeah, I'll end up saying I miss you.  
Yeah, I'll end up saying I miss you.
