Don't feel like home  
Ease a little out  
And all these words alone is nothing like your poem  
Putting in and putting in  
Don't feel like methadone  
A scratching voice all alone is nothing like your  
baritone

It's nothing as it seems  
The little that he needs  
It's home  
The little that he sees  
Is nothing he concedes  
It's home

One uninvited chromosome  
A blanket like the ozone

It's nothing as it seems  
All that he needs  
It's home  
The little that he frees is nothing he believes

Saving up a sunny day

Something maybe two tone  
Anything of his own  
A chip off the corner stone  
Who's kidding?  
Rainy day  
A one way ticket headstone  
Occupations overthrown  
Whisper through a megaphone

It's nothing as it seems  
The little that he needs  
It's home  
The little that he sees is nothing he conceives  
It's home  
And all that he frees  
A little bittersweet  
It's home

It's nothing as it seems  
The little that you see it's home
