Every night with the lights out  
Where you gone? What's wrong? AUEAGH  
Every time, you can try but can't turn on  
A rock song

I got some if you need it... (x4)

Get it now, get it on before it's gone  
Let's everybody carry on, carry on  
Get it now, Set it off before it's gone  
Again, everybody carry on, carrying on

Precipitation, which side are you on?  
Are you on the rise? Are you falling down?  
Let me know  
Come on let's go yeah

Got some if you need it  
I got some if you need it...  
I got some if you need it  
I got some if you need it

Get it now, get it on before it's gone  
Let's everybody carry on, carry on  
Turn it up, set it off before we're gone  
Let's everybody get it on, get it on

This situation, which side are you on?  
Are you getting out?  
Are you dropping bombs?  
Have you heard of diplomatic resolve, yeah?

Precipitation, which side are you on?  
Are you on the rise? Are you falling down?  
Let me know  
Come on let's go, yeah

Got some if you need it  
Got some...  
Ooh... Aah...

Get it now, get it on before it's gone

Let's everybody carry on, carry on  
Turn it up, set it off before we're gone  
Let's everybody get it on, get it on

This situation, which side are you on?  
Are you getting out?  
Are you dropping bombs?  
Have you heard of diplomatic resolve, yeah?

Precipitation, which side are you on?  
Are you drying up?  
Are you a big drop?  
Are you a puddle full of detriment, oh?

Got some... I got some...  
Carry on... Carry on...  
Got some if you need it  
I got some if you need it
