Visit "[Green Disease](#)" on [MotoLyrics.com](https://MotoLyrics.com)

It's a disease,... and they're all green  
It emminates from their being  
A satiation with occupation

And like weeds,.. with big leaves  
Stealing light from what's beneath  
Where they have more,...  
Still they take more

Course I know,.. then I don't  
There's a stoway with my throat  
It's deceiving  
I don't believe him  
We can scream,.. out our doors  
Behind the wall a fat man snores  
In his dreams he's,...  
Choking on leaves

Well I guess  
There's nothing wrong with what you say  
Believe me  
Just asking you to sway  
No white  
Or black  
Just grey  
Can you feel this,..  
World with your heart and not your brain?
