Tell me what I wanna hear
This shit's too good to be true
My dear

Tell me lies
Tell me lies, tell me
Tell me lies, tell me

Help me.. help me.. help me..

Storybook keeps from hurting me
You see
Shell of the man from the sea

Tell me lies
Tell me lies, tell me
Tell me lies, tell me

Tell me why
Tell me why, tell me
Tell me why, tell me

Tell me lies,...

Help me

Reservoir
Of hate and fear
Invisible
In repair
A hundred thieves
Cast a spell
This is hell
