On the last time youve got your new parachutes, or a new  
bike or new clothes or something. Sometimes you got  
something new you just, you cant wait to... to use it.  
So were ... are gonna try a couple... At least one new  
song.  
Yeh, we cant wait to try it out, so. Another for you.

There's a light, when my baby's in my arms  
There's a light, when the window shades are drawn  
Hesitate when I feel I may do harm to her  
Wash it off cause this feeling we can share

And I know she's reached my heart in thin air.

Byzantine is reflected in our pond  
There's a cloud, but the water remains calm  
Reaching in the suns fingers clutch the dawn to pass  
Even out, it's a precious thing to bear

And I know she's reached my heart in thin air  
Yes, I know she's reached my heart in thin air

It's not in my past to presume  
Love can keep on moving in both directions  
How to be happy and true  
Is the quest we're taking on together

Take it on, on, on, on, on  
Take it on, on, on, on, on...

There's a light when my baby's in my arms

And I know she's reached my heart in thin air  
And I know she's reached my heart in thin air  
And I know she's reached my heart in thin air  
Yes, I know she's reached my heart
