It's okay, it's okay (x4)
You don't have to run and hide away
It's okay, it's okay
I love you anyway
It's okay, it's okay
You don't need to run and hide away
It's okay, it's okay
This is my life, this is my chance
This is my hope in an alleyway
This is my choice, this is my voice
There may be no tomorrow, now
This is my plea, this is my need
This is my day to be free
This is my time, this is my way
In a world that's never safe
It's okay, it's okay
You gotta let me run away
It's okay, it's okay
Oh now let me run away
It's okay, it's okay
You're gonna run and hide away
It's okay, it's okay
