Look me in the eye just this one time mister
I won't be brushed away I have to hurt you don't you
know
My back is broken and my hands are blistered
I've worked a bloody life time tell me what have I to
show oh ho
I just wanted you to know 2x

Don't go passin' by just this one time mister
The tragedy is killin' me and you...you say you gotta
go oh ho
I just wanted you to know yeah 2x

Fuck off

Start to understand just this one time I mean it
I won't be here tomorrow there's only one place left to
go
You think the homeless think they must be crazy
Well listen to my last words as I say it ain't so oh ho
oh ho
I just wanted you to know 2x

Oh oh ho oh 2x
Ooh ooh ooh ooh 2x
I'm leavin' but you wouldn't know
Ooh ooh ooh ooh
I can't...I can't take no more
Ooh ooh ooh ooh
I'm leavin' but where will I go
Ooh ooh ooh ooh
I will hide...yeah...yeah
Ooh ooh ooh ooh 2x
I cannot take anymore oh ho yeah
