There's colors on the street, red, white and blue  
People shufflin' their feet, people sleepin' in their shoes  
But there's a warnin' sign on the road ahead  
There's a lot of people sayin' we'd be better off  
Don't feel like Satan but I'm to them  
So, I try to forget it anyway I can

Keep on rockin' in the free world  
Keep on rockin' in the free world  
Keep on rockin' in the free world  
Keep on rockin' in the free world

I see a woman in the night with a baby in her hand  
Under an old street light near a garbage can  
Now, she's put the kid away and she's gone to get a hit  
She's her life and what she's done to it  
That's one more kid that'll never go to school  
Never get to fall in love, never get to be cool

Keep on rockin' in the free world  
Keep on rockin' in the free world  
Keep on rockin' in the free world  
Keep on rockin' in the free world

There's a thousand points of light  
Let me change that

We're a thousand points of light for the soldier man  
Want 'em to come home soon, come home while they  
can  
To our department stores and toilet paper  
Styrofoam garbage for the ozone layer  
They say he's a man of the people I think it's a lie  
He gives us fuel to burn, on our roads to drive

Keep on rockin' in the free world  
Keep on rockin' in the free world  
Keep on rockin' in the free world  
Keep on rockin' in the free world
