Little hands clappin', children are laughin'
Little hands clappin', all over the world

Piper is pipin', drummers are drummin'
Little hands clappin', all over the world

Little hands clappin', children are sharin'
Little loves lovin', all little boys and girls

Children are singin', the truths that they're bringin'
Freedom is ringin', all 'round the world

Come let us meet them
Ah, yes we will greet them

Little hands clappin', children are carin'
Piper is callin', all over the world

Out in the street, the sick that you meet
How many friends, do you call your own?

Come let us meet them
Yes we will greet them

Children are clappin', children are carin'
Children are shatterin', records and rules

Little hands carin', little hands sharin'
The old ones and the gold ones and the family jewels

Come let us meet them
Yes we will greet them

Little hands clappin', children are happy
Little hands lovin', all around the world

Little hands claspin', truth they are graspin'
A world with no pain for one and all

Children are learnin', their souls they are yearnin'
A nice place to play and no place to fall

Come let us meet them
Ah, yes we will greet them
