on the rise and
rise and fall
what they're sayin is
nothin left at all

on the rise and
catch and fall
all they're sayin is
somethin that i don't like

of the earth

on the rise and
rise and fall
all they're sayin is
comin back for more

on the rise and
here-to-fore
on the scene is
somethin i don't like

of the earth

on the rise and
rise and fall
all they're sayin is
nothin i don't like

on the rise and
rise and fall
all they're sayin is
nothin i don't like

of the earth
