Oh he deals em off, off the top, ties em off
Fills it up, with his past, gets carried away
Oh half his life, a hand me down, wasted away
Of he fills it up, with the love, of a girl
Oh he left it alone, drilled the pain, with money to buy
How he makes his getaway
How he makes his getaway
Oh he chose a path, heavy the fall, quarter to four
Fills his night, with the thought, of a girl
How he makes his getaway
How he makes his getaway
How he makes his getaway
