Oh where oh were could my baby be
The lord took her away from me
She's gone to heaven so I've got to be good
So I can see my baby when I'll leave this world

We were out on a date in my daddy's car
We hadn't driven very far
There in the road
Straight ahead
A car was stalled the engine was dead
I couldn't stop
So I swerved to the right
I'll never forget the sound that night
The screamin tires
The busting glass
The Painfull scream that I heard last.

Oh where oh were could my baby be
The lord took her away from me
She's gone to heaven so I've got to be good
So I can see my baby when I'll leave this world

When I woke up
The rain was pouring down
There were people standing all around
Something warm falling into my eyes
But some how I found my baby that night
I lifted her head
she looked at me and said
Hold me darling just alittle while
I held her close
I kissed her our last kiss
I found the love I knew I had missed
but now she's gone
even though I hold her tight
I lost my love, my life that night

Oh where oh were could my baby be
The lord took her away from me
She's gone to heaven so I've got to be good
So I can see my baby when I leave this world
