She looked at me with dignity said
"There's something you got to see if you know we're
headed for war this country's prouder than ever before
yes there's a spirit in the air we're more American than
anywhere"

Well I just smiled 'cause I could tell this little girl's
going to Hell

Now I wouldn't mind if you swallowed my pride
Would make me feel alright deep inside feel alright
All the warmth in her heart can't keep my blood from
running cold

Keep my blood from running cold

First I fell for her looks now I just wanna go for the
throat

I tried to tell her a hundred times this little girl didn't
understand at all

Pride comes before a fall

Now I wouldn't mind if you swallowed my pride
Make me feel alright deep inside feel alright Ohh
This ain't the Garden of Eden

This ain't the summer of love
Things ain't what they used to be
There ain't no angels above
Whoa

Ain't the Garden of Eden
Ain't no angels above
Things ain't what they used to be
This ain't the summer of love
